

## A simple path to device and application modernization

Insight delivers Apple® devices at scale, giving manufacturers full ecosystem integration and immediate productivity and collaboration gains. With years of experience in IT and a close partnership with Apple, we're equipped to help manufacturers deploy, manage and support their devices.

### Apps to transform the factory floor

Compatible and ready to support leading manufacturing and business productivity apps:

- Skill and work instructions
- Mobile forms and work order management
- Inventory management
- Safety, training and enablement
- Collaboration tools
- Diagnostics

### The partnership you need

Insight provides customized solutions and service levels to increase productivity on the manufacturing floor.

Application development and modernization

Custom provisioning and configuration

Total lifecycle management

Devices

Managed and deployment services

Consulting integrated with Apple Professional Services

## Benefits that energize and empower manufacturers

Insight provides end-user solutions that simplify IT management while improving connectivity and collaboration. Nowhere is this more important than in manufacturing.

<b>Immediate</b> IT modernization and integration	<b>Reduced</b> management overhead	<b>Fluid</b> device procurement and enrollment
<b>Powerful</b> industry-specific solutions	Device and application <b>modernization</b>	<b>Zero-touch deployment</b> of apps and devices

### Transform the way your work gets done.

Insight will provide everything you need to start your factory floor pilot. Deploy a complete, managed solution with ruggedized devices in a shared or personal-use environment.

Included in your starter kit:

- iPad® devices with cellular connectivity (up to 40 units)
- Ruggedized cases
- Charging cart

### Control costs.

Every business is different. Insight and Apple Financial Services give you the flexibility to choose the financing structure that works for you. Leasing options with extended terms and predictable payments make IT modernization affordable and help you stay in budget.

### Insight: The perfect partner for Apple

At Insight, we define, architect, implement and manage Insight Intelligent Technology Solutions™ that help your organization run smarter. We'll work with you to maximize your technology investments, empower your workforce to work smarter, optimize your business and create meaningful experiences.
