Starting with Agile

Solutions designed to kick start your journey

Business challenge

A shifting marketplace, new user demands, increasing competition — organizations are facing intense pressure to understand user needs and deliver solutions faster than ever. An Agile approach can help your teams improve delivery, but most organizations don't implement Agile strategically to create lasting change.

To succeed, your teams need comprehensive guidance and the freedom to tap into an expansive pool of expertise that will help you sidestep pitfalls, answer tough questions and apply Agile practices effectively.

Our solution

Insight's national team of specialists help you prepare for and implement the foundation to succeed with Agile. Using deep experience in different approaches and practices, we'll assess your current state and provide a custom mix of training, coaching, mentoring and staffing to help you embrace Agile strategically — no matter where your starting point may be.

You'll get access to Insight's partnership with Scrum.org and an in-house professional training team to support your Agile adoption, not to mention professional-grade training in Scrum, Kanban and various scaling frameworks. You'll also get access to the full range of associated Scrum.org certifications.

Starting your Agile journey with Insight means you'll be able to:

- Build a shared understanding of what it takes to prepare for Agile.
- Gain deeper knowledge of Agile through professional training.
- Establish a strong foundation for teams starting with Agile practices.
- Nurture your people to grow into their Agile roles.
- Teach leadership to establish an environment where Agile can succeed.

Benefits

- **Get measurable results** using incremental delivery and feedback.
- **Accelerate transformation** with creative, engaged teams.
- **Deepen connection and trust** between business and IT.
- **Pinpoint the best Agile approach** for your unique needs.

What we offer

With a collection of workshops, groundwork-building engagements and next-step guidance, we arm you with the skills you need to own your Agile journey. Rather than following a cookie-cutter plan or a rigid set of tools, we understand your reality, craft the right approach and account for challenges and opportunities that arise.

Workshops	Fast Starts	Accelerators
Bringing our Agile, Scrum and Kanban workshops to your site raises awareness of the benefits, challenges and opportunities Agile offers.	These engagements help you identify approaches, products, teams and leaders to start your journey. Our Agile Readiness Fast Start, for example, launches your first Agile teams on the right foot with foundational coaching that you can practice applying with guidance.	Once you're underway, Agile coaches will help you pinpoint the next best steps to strengthen and grow your agility. Insight's Agile delivery teams provide valuable solutions and guidance while serving as example Agile teams in the context of your environment.

An Agile partner you can trust

From growing startups to global corporations, we've helped organizations apply Agile in nearly every industry — from retail and banking to manufacturing, utilities and healthcare. When you work with Insight, you can rest easy knowing you have a creative team with deep experience on your side.

- More than 100 Agile-certified professionals
- Thousands of teams trained in Agile since 2010
- Four on-staff accredited Professional Scrum Trainers
- Presence of Agile experts at conferences & events throughout the year

A true end-to-end partner

Today, technology isn't just supporting the business; it's becoming the business. At Insight, we help you navigate complex challenges to develop fresh solutions and processes. We'll help you manage today's priorities and prepare for tomorrow's needs.
